Provost Williams C. of E. Primary School

27th January 2022

@ProvostWilliams

It has been lovely for Mrs Baddeley and I to have spent time in and out of classes this week. We have seen so much fantastic learning happening and it always a delight speaking with children about what they have been and are doing.

This week we have had a number of Governors in to support the school as we strive for excellence. Their support is invaluable and it was great to share with them the successes that are happening in school. For example, the development of the reading areas in classrooms and around school, the ongoing development of the SEND provision that we offer in school and the use of class working walls to promote independent learning.

As you may be aware, two classes in school will be closed on Wednesday due to strike action. For children who are Free School Meals, the kitchen will be providing a packed lunch. Can I ask that you confirm that you wish for your child/children to receive one and make arrangements to collect their lunch.

## Uniform Reminder

School uniform helps to foster a sense of belonging among our school family and helps to encourage a sense of pride in our school. Uniform also promotes equality between children. All children should attend school wearing their school uniform (and correct PE uniform on PE days) and when attending organised school events outside of the normal school hours. Religious dress codes will be taken into consideration and respected. With regards to hair accessories, we ask that these are simple and plain.

# Warwickshire Schools' Inclusion Charter

## Inclusion is Everyone's Responsibility

### Our Vision:

For schools to be places where everyone feels valued, included, safe, supported and welcome. We will work together to enable all our children and young people in Warwickshire to lead a fulfilling life and be part of their community.

### The Charter:

This charter sets out what all children and young people and their families should expect from schools in Warwickshire, in line with the SEND Code of Practice.

### Welcome and Care

#### We will:

- Understand that every child is an individual
- Recognise the value of inclusion
- Make time to get to know you and what is important to you and your family
- Establish and build on positive relationships
- Make time to respond to your needs
- Work closely with all relevant people to ensure successful transitions
- Ensure children and young people's voices are at the heart of all we do

### Communicate

#### We will:

- Listen calmly and respectfully, with patience, ensuring you feel heard and understood.
- Establish how to provide and seek information in a way you can access and understand
- Recognise all behaviour is a form of communication
- Explain what can be done and any limitations
- Communicate in a way that means you can participate in planning and decision making
- Provide clear guidance on who to contact and respond promptly
- Make you comfortable by using positive and helpful language
- Create and maintain communication friendly environments

Developing and nurturing each of these commitments to build

## TRUST

### Value and Include

#### We will:

- Remember inclusion is everyone's responsibility
- Be proactive in providing reasonable adjustments
- Ensure our SENCo is able to support families and staff
- Inform and support you of any planned changes as soon as possible
- Ensure that children and young people with SEND are valued and included in pupil voice activities
- Identify needs early and assess, plan, do, review with support from appropriate agencies
- Ensure our children and young people have a trusted person who checks in with them at least weekly
- Have a 'can do' attitude and build on everyone's strengths
- Recognise and meet the training needs of our staff

### Work in Partnership

#### We will:

- Give you opportunities to share your views
- Do our best to understand and consider your ideas
- Involve you in developing shared plans for you and our school
- Value you as an equal partner and recognise your experience and knowledge
- Understand that every family is different and has different resources
- Engage with community groups
- Collaborate across settings to share good practice
- Work together with you and other people to recognise need and support you on your journey as a family

# 12 Top Tips for BUILDING CYBER RESILIENCE AT HOME

As a society, we're increasingly using technology and tech services in the home. Digital assistants which can adjust the heating or turn lights on and off; streaming services for shows and movies on demand; games consoles; smart speakers; phones; laptops ... the list goes on. As we introduce each new gizmo to our homes, however, we increase the level of threat from cyber criminals. It's essential, therefore, that we learn to become more cyber resilient in relation to the devices and digital services that the people in our household use.

## WHAT IS 'CYBER RESILIENCE'?

Cyber resilience focuses on three key areas: reducing the likelihood of a cyber attack gaining access to our accounts, devices or data; reducing the potential impact of a cyber incident; and making the recovery from a cyber attack easier, should we ever fall victim to one.

### 1. PASSWORDS: LONGER AND LESS PREDICTABLE

The longer, less common and predictable a password is, the more difficult it becomes for cyber criminals to crack. The National Cyber Security Centre's 'three random words' guidelines are ideal for creating a long password which is easy to remember but hard to guess.

### 2. AVOID RE-USING PASSWORDS

When you use the same password across different logins, your cyber resilience is only as strong as the security of the weakest site or service you've signed up for. If cyber criminals gain access your username and password for one site or service, they'll definitely try them on others.

### 3. USE A PASSWORD MANAGER

A good way to juggle different passwords for every site or service you use is to have a password manager. This software stores all your passwords for you, so you simply need to remember the master password. LastPass, Dashlane, 1Password and Keeper are all excellent password managers.

### 4. BACK UP YOUR DATA

Keep a copy of your data using OneDrive, Google Drive or another reputable cloud-based storage solution. If it's extremely important or sensitive information, you could even decide to keep more than one back-up version - by saving it to a removable USB drive or similar device, for example.

### 5. ENABLE MULTI-FACTOR AUTHENTICATION (MFA)

Multi-factor authentication is where you need access to your phone (to receive a code, for example) or another source to confirm your identity. This makes it far more difficult for cyber criminals to gain entry to your accounts and your data, even if they do manage to get your username and password.

### 6. CHOOSE RECOVERY QUESTIONS WISELY

Some services let you set 'recovery questions' - such as your birthplace or a pet's name - in case you forget your password. Take care not to use information you might have mentioned (or are likely to in future) on social media. More unpredictable answers make cyber criminals' task harder.

### 7. SET UP SECONDARY ACCOUNTS

Some services provide the facility to add secondary accounts, phone numbers and so on to help with potentially recovering your account. Make sure you set these up: they will be vital if you're having trouble logging in or if you're trying to take back control of your account after a cyber attack.

### 12. STAY SCEPTICAL

Cyber criminals commonly use various methods, including emails, text messages and social media posts. Be cautious of any messages or posts that are out of the ordinary, offer something too good to be true or emphasise urgency - even if they appear to come from someone you know.

### 11. KEEP HOME DEVICES UPDATED

Download official software updates for your household's mobile phones, laptops, consoles and other internet-enabled devices regularly. Security improvements and fixes are a key feature of these updates - so by ensuring each device is running the latest version, you're making them more secure.

### 10. CHANGE DEFAULT IOT PASSWORDS

Devices from the 'Internet of Things' (IoT), such as 'smart' home appliances, are often supplied with default passwords. This makes them quicker to set up, but also less secure - criminals can identify these standard passwords more easily, so change them on your IoT devices as soon as possible.

### 9. CHECK FOR BREACHES

You can check if your personal information has been involved in any known data breaches by entering your email address at [www.haveibeenpwned.com](http://www.haveibeenpwned.com) (yes, that spelling is correct!). It's useful if you're worried about a possible attack - or simply as motivation to review your account security.

### 8. KEEP HAVING FUN WITH TECH

Consider our tips in relation to the gadgets and online services your household uses. Protect yourself and your family, and don't let the bad guys win: devices are not only integral to modern life but also a lot of fun - so as long as you keep safety and security in mind, don't stop enjoying your tech.
